Additional evening flu clinic scheduled for La Ronge

For the convenience of residents of the La Ronge area, an evening seasonal influenza vaccine clinic will be held at the La Ronge Health Centre from 5:00 p.m. to 7:00 p.m. on Monday, December 19, 2011. This is in addition to the morning clinic on that day from 9:00 a.m. to 12:00 noon.

Watch for announcements on more flu clinics in the new year and check the Mamawetan Churchill River Health Region website for updates:
www.mcrrha.sk.ca

The vaccine is free and available to everyone over the age of 6 months. No appointment is necessary on scheduled days; drop-in only. Please bring your Saskatchewan Health Card.

This year's seasonal vaccine also includes protection against the H1N1 virus and is particularly recommended for persons at higher risk of becoming seriously ill with influenza such as adults 65 and over, persons with chronic health conditions or severe obesity, pregnant women, children from 6 months to under 2 years of age, and close contacts of those at higher risk.
