### Public H1N1 flu clinics to begin

The Mamawetan Churchill River Health Region is preparing to administer the H1N1 flu vaccine to the public. The vaccine will be available in the communities of Denare Beach and Weyakwin this week, while Creighton, Pinehouse, Sandy Bay, and the La Ronge area will begin flu clinics next week.

The vaccine is free and available to everyone over the age of 6 months. No appointment is necessary; drop-in only. Please bring your Saskatchewan Health Card. You will be required to complete a consent form. This form is available at the clinics and is on the health region website: [www.mcrrha.sk.ca](http://www.mcrrha.sk.ca)

Children aged 9 and under will require two half-doses. The second dose will be available approximately three weeks later; please contact your local Public Health office. Pregnant women should watch for further announcements for clinics with unadjuvanted vaccine.

The schedules for the various communities are posted on the health region website. Attached is a regional schedule by date, along with community schedules for [Creighton](#), [Pinehouse](#), [Sandy Bay](#) and the [La Ronge area](#).
